[illegible]

Michelle,

This is the only open page in this book but I probably won't fill it because I can only repeat what I've said in the past.

Yours very special to me for many reasons.

I sincerely hope we stay as close throughout the rest of our ~~the~~ lives as we have been so far this year. Although we may have disagreements or even arguments, we can always work them out.

Have fun, stay sexy, love

Michelle,

Well I guess this is it,
our last year together.
We'll have to make

also had our differences

good times outnumber the

Good luck in your musical field.
Keep in touch

Kurt

Michelle,
I'm really
glad I got to
know you in
chorus last year.
Maybe this year
when we go to state on
our duet, I'll get to know
a special person and a good
friend to have. You'll be
missed when you graduate,
so keep in touch. Have fun
and good luck in everything
you do. Have fun with your
special guy.

P.S. Stay
just like you
are. I'd like to
have a senior picture
of you.

Michelle,
I've always
remembered
me & you
and I can't
forget how
much fun we
had in chorus
and how much
you helped me
with my singing.
I hope you
keep in touch
and have a
great future.

Michelle,
 you a good friend of mine, who I really like alot. I know we've had quite a few good times & many more to come. There's been times when we've had our ups & downs, but we still are friends. (boo!) I know so weird to be a senior after being a underclassman for so long. I know we are going to have lots of fun this year at Homecoming, the Senior Banquet & Graduation. I just can't wait!! I wish you lots of luck in the future with school & the guys, I know you'll do good in school because you are easy to get along with. Take it easy & raise a little hell! FORGET ME NOT!! Good luck with "82" the Best

P.S. Please remember me
 Can I have a picture?

Miss Burns, I'm really glad you asked me to sign this. We've really never been a feeling this way - but I have a very good friend - but different. I remember some kids sent to the office by Mr. High. I guess as I've grown to know the real you, I come to think about them, I really should have never hated you. I guess as I've grown to know the real you, I think you are the greatest! I hope now that we are getting along and becoming better friends and I just want you to know that we may spend our last year together, in some sort of way. I just we are kind of the same people. Anyway even if after people turn their backs on you - I never well. And I'm sorry for all the bad times. Good luck with future! Music!

The image shows a repeating pattern of a questionnaire form, tilted at an angle. The form is designed for a school project and includes several sections for student input:

- Signature:** A line for the student's name.
- P.S.:** A line for a postscript or additional comment.
- Opinion Questions:** A series of questions with checkboxes for responses:
 - Well, wasn't it a ☐ fun ☐ tremendous ☐ long ☐ sickening year?
 - It was great sharing all the ☐ fun ☐ monotony ☐ of school with you ☐ stupidity
 - It will be ☐ nice ☐ disappointing to have some classes with you next year ☐ a disaster
 - I hope you ☐ have fun ☐ don't bother me this summer ☐ break an arm
 - Be sure to ☐ come over ☐ call ☐ go fly a kite ☐ drop dead
 - And stay out of ☐ trouble ☐ my sight
 - Till then, ☐ Luv Ya. ☐ Best Wishes. ☐ Get Lost ☐ Who Cares?

The form is repeated multiple times across the page, creating a dense, overlapping pattern of text and checkboxes.
